

Price list: lost or damaged equipment

Organizations returning excessively dirty or damaged equipment will be charged accordingly. If gear is beyond normal “wear and tear” or repair, organizations will be charged the replacement cost. FIN Executive Director will determine final decision regarding billing. Note: Lost or damaged equipment may be replaced by organizations or individuals with equipment that is of equal or greater value as determined by the Executive Director. As gear in our library varies in value, the Executive Director may determine to charge retail value for new equipment in the case of loss or damage.
